

QuadTruss®

All **Eagle™** wire shelving feature the super-strong, patented, QuadTruss® design – which makes shelves up to 25% stronger & provides a retaining ledge for increased storage stability. Open wire design is clean, light penetrating, & allows maximum air circulation. Posts are numbered for easy assembly & feet are adjustable for leveling.

Epoxy-Coated Shelving

Eaglebrite®

Zinc Shelving

Zinc chloride • Clear chromate • MasterSeal® sealer
 NSF-listed for dry storage & heated environments. Bright zinc chloride plating followed by clear chromate plating with MasterSeal® sealer for improved rust protection.

3-year Warranty

NOTE: All posts feature MasterSeal® sealer (clear hybrid epoxy) & are NSF-listed for all environments.
